Crimson Clover Fine For Pastures

Crimson clover does better on the better and more fertile upland soils. It does not do so well on the deep infertile sandy soils.

R. T. Mullis, representative of the Soil Conservation Service in Bulloch County, will help you in obtaining the seeds of crimson clover for your farm that are suitable for growing crimson clover.

Bulloch county farmers are urged to obtain crimson clover seeds from the following firms: Henry and Fred Finch, Chas. Smith, Furman Jones and R. L. Manner of West Side; Cecil Kennedy, Sam Nevis, and Ouis Holloway of Rogers; A. G. Rucker and Roscoe Roberts of Nevis; A. F. Murphy and Roy Kelly of Chilo.

Farm Bureau

Farm Bureau Membership Drive Brings In 1694 Members; More To Come

The one-day Farm Bureau membership renewal brought 1694 members for another year, R. P. Mikell, county president, reports.

Mr. Mikell stated that he had never seen a group more anxious to cooperate than the attitude of the 200 people displayed here in Bulloch county last week when they called on their neighbors to renew Farm Bureau memberships.

It is generally known that the officers of the Farm Bureau would make an effort to keep the local chapter strong, but Mr. Mikell stated that he did not know there were so many people in the county so vitally interested in good farm organization as turned out last Tuesday.

Several members that were missed in the round mailed in their renewals or carried them to the county agent's office. Mr. Mikell also stated that this had never been done before. There will be lots of members to renew yet. It is not possible to contact them all in one day. Too many people were away from their farm or business to get more than about 70 per cent.

Mr. Mikell did say that it looked like to him that every one of the some 200 working did an excellent job and that he was happy to know so many people in Bulloch county wanted a good Farm Bureau.

Memberships will count until about November 29 and will be accepted until then. The report as Mr. Mikell had it Friday was: Denmark reported 52 out of 55 renewals, Ogeechee 100 out of 117, Portals 149 out of 158, West Side 109 out of 169, Sinkhole 50 out of 51, Stillson 124 out of 167, Eliza 32 out of 60, Brooklet 204 out of 291, Warnock 57 out of 78, Register 72 out of 147, Middle Ground 70 out of 89, Nevis 86 out of 186, and the negro chapters turned in 223. The others were from the county at large.

Ogeechee held its meeting on Tuesday night last week and turned in the memberships that

U. S. FARM MACHINERY EXPORTS NEAR RECORD
April exports of U. S. farm machinery, including tractors, were valued at \$44 million, \$4 million less than the March record.

The office of Foreign Agriculture Relations, USDA says that indications are "that the demand for farm machinery may decline in some countries on account of lower prices of farm products. This may affect the demand for American made equipment in particular since most countries are also short of dollars."
